 "Students are currently trying to decide where they are going to spend the next four or five years of their lives, and we want to give them the best sense of what our Brantford campus has to offer."  
 Students and their families are invited to start their day at the Carnegie Building at 10 am. Information sessions will be given by Residence Life and the Career Development Centre. Four mock lectures are scheduled throughout the day, covering a variety of topics and programs, which will give prospective students a sense of the variety of discussion topics that take place during first-year courses.  
 In addition to campus and residence tours every 15 minutes, there are scheduled bus tours of the city of Brantford that will provide students and their families with a better sense of the community beyond the downtown location of the campus.
